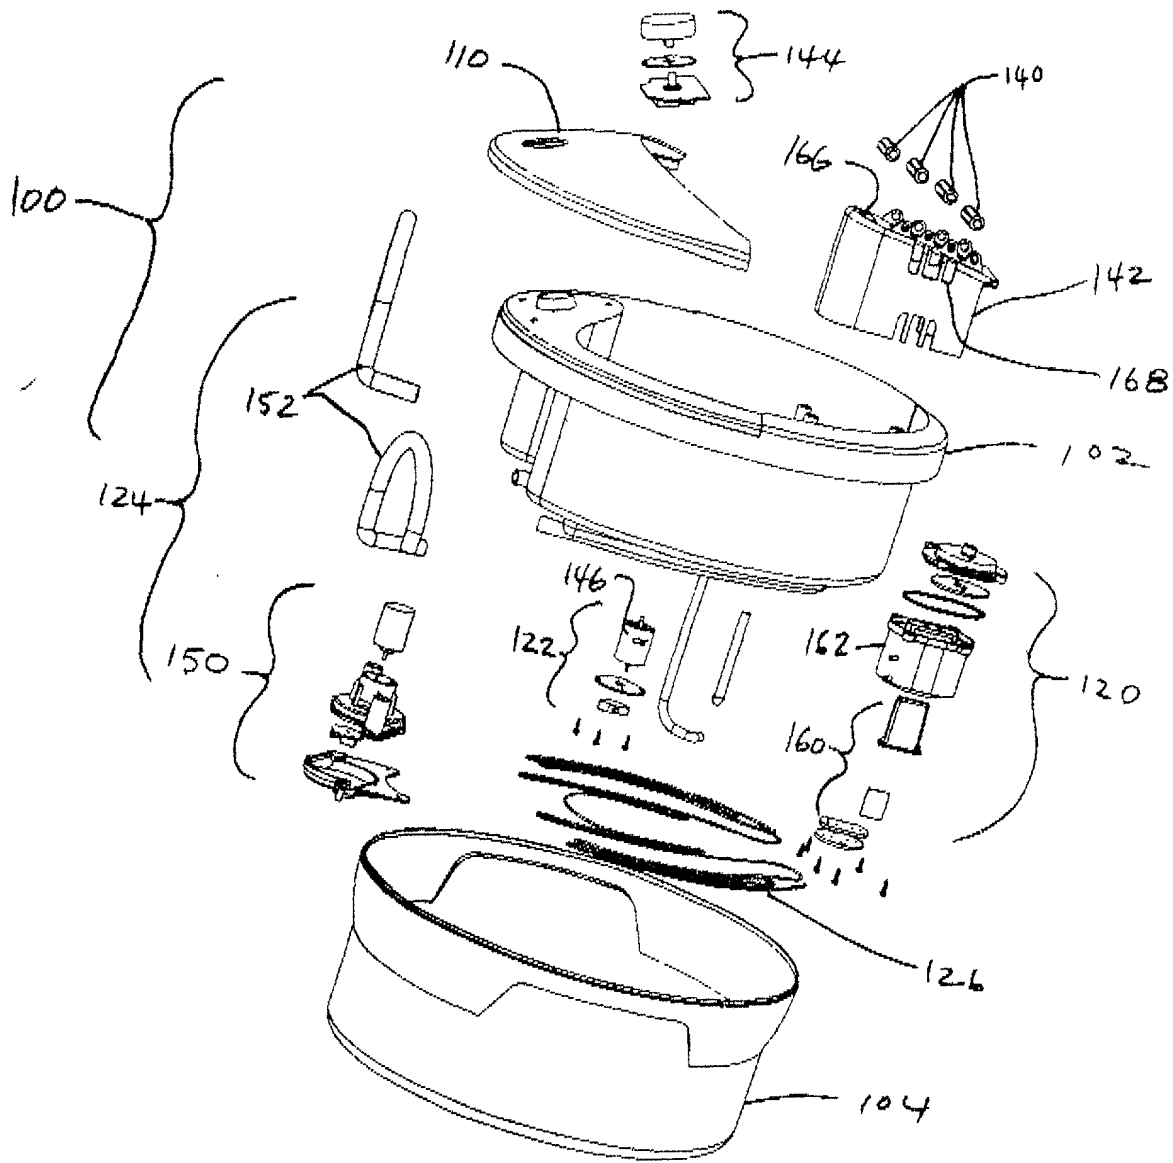

FIGURE 6

This diagram shows an exploded perspective view of a container assembly 100. The assembly includes a main container body 102 with a top rim 110 and a base 104. A lid 120 is shown below the container, consisting of a central panel 122 and side panels 124. The lid is secured by a locking mechanism 140, which includes a latch 142 and a lock 144. A handle 146 is attached to the lid. A hinge 150 is shown connecting the lid to the container body. A bracket 160 is shown attached to the side of the container body. A detail view 168 shows a cross-section of the lid and container body.
